## **When a Mega Disaster Strikes...** **– How would you respond if you were a mayor? –**

This workshop provides participants with the same experience as mayors in Miyagi Prefecture gained in the workshop held for them half a year before the 2011 Great East Japan Earthquake. In this workshop, every participant acts as the mayor of a city damaged by a mega disaster. The participants discuss Common Operational Picture (COP) and Incident Action Plan (IAP); what situation should be in the city in a week. Each group makes a report of the goals and response policies of the city as a mayor in the end of workshop.
